KD55X85J

Sony X85J 4K HDR LED TV

Smart, powerful, and beautiful, the X85J is designed for all your favourite content. Powered by the X1 4K HDR Processor, super-bright 4K HDR pictures come to life with vivid colour and realistic contrast. With enhanced Motionflow technology, Google TV, and HDMI 2.1 for next-gen gaming, all available in a wide range of sizes, your favourite content just found a new home.

Bullets

- 4K HDR PROCESSOR X1™ – Powerful TV processing that delivers a picture that is smooth and clear, full of rich colours and detailed contrast.
- TRILUMINOS PRO™ – Reproduces more colours than a conventional TV resulting in picture quality that is natural and precise, and closer than ever to real life.
- GOOGLE TV – Seamlessly browse 400,000+ movies and TV episodes from across your favourite streaming services, all in one place. Watch content from Netflix, Amazon Prime Video, Disney+, YouTube, the Apple TV app, and many more.[1]
- HDMI 2.1 – Get the most out of next-gen gaming with Sony HDMI 2.1 enabled TVs featuring 4K/120Hz and BRAVIA Game Mode for increased frame rate and reduced input lag.[2]
- MOTIONFLOW XR™ – On-screen motion stays smooth and clear, allowing fast moving sequences in sports, action movies, and games to be seen with lifelike clarity.

- 4K X-REALITY PRO™ – Our unique 4K database upscales all the HD content you love to near-4K resolution bringing back real-world detail and texture.[3]
- HIGH DYNAMIC RANGE (HDR) & DOLBY Vision™ – Enjoy immersive and engaging cinematic content as the creator intended with HDR[4] and Dolby Vision[5].
- GOOGLE ASSISTANT – Use your voice to easily find your favourite movies, shows, and music. Get answers on screen, control smart home devices, and more.[1]
- APPLE AIRPLAY – Works with AirPlay 2 to easily stream content from your Apple device.[6]
- ULTRA-SLIM WALL MOUNT COMPATIBLE – Hang your TV like a work of art with the optional SU-WL855 ultra-slim wall-mount bracket available for 55" class, 65" class, and 75" class X85J series TVs.[7]

Features

Enjoy your favourite content with rich colours and detailed contrast

The 4K HDR Processor X1™ powers the X85J TV to deliver a picture that is full of rich colours and detailed contrast. Complimented by a multitude of advanced features, such as TRILUMINOS™ Pro providing a wider spectrum of colour, Motionflow XR™ for smooth and clear action, and 4K X-Reality PRO™ which enhances anything you watch to near-4K quality. Enjoy your favourite content just as the creator's intended, powered by the 4K HDR Processor X1.

Advanced colour and gradation

By widening the colour spectrum, TRILUMINOS™ Pro, powered by the 4K HDR Processor X1™, reproduces more colours than a conventional television. It analyzes and processes data in every image to make colours even more natural and precise, so picture quality is closer than ever to real life. See exactly what the creator intended with the advanced colour and gradation of TRILUMINOS Pro.

The entertainment you love. With help from Google.

See 400,000+ movies and TV episodes all in one place. Google TV brings your favourite content from across your apps and subscriptions and organizes them just for you. Searching is easy – just ask Google. Press the Google Assistant button on your remote and just say "find action movies" or "show me sci-fi adventure TV shows" to search across your favourite apps.[1]

Engineered for next-gen gaming

Take your gaming to the next level with Sony HDMI 2.1 enabled TVs and feel the action all around you with responsive and blur-free picture quality. With 4K/120Hz you'll achieve increased frame rate significantly benefiting high-performance 4K gaming. And, the dedicated BRAVIA Game Mode enables reduced input lag and optimized performance in every frame. Get the ultimate next-gen gaming experience with Sony HDMI 2.1 enabled TVs.[2]

Smooth and clear, even in fast scenes

TV that keeps up with real life. Motionflow XR™ refresh rate technology keeps movement smooth and clear, allowing fast moving action sequences in sports and movies to be seen with lifelike clarity.

Upscale everything you watch

See glorious 4K pictures, rich with real-world detail and texture, powered by our 4K HDR Processor X1. Even content filmed in Full HD are upscaled close to 4K resolution by 4K X-Reality™ PRO using a unique 4K database.[3]

Dazzling detail and colour with HDR and Dolby Vision™

High Dynamic Range (HDR)[4] picture is the way TV was always meant to be watched. Ultra-high resolution and HDR video content combine to bring dazzling detail, colour, and contrast to everything you watch, while keeping a far wider range of brightness. Dolby Vision™ brings scenes to life with striking highlights, deeper darks, and vibrant colours.[5] Sony TVs deliver picture-perfect reality, creating an immersive and engaging cinematic experience.

Watch what you love, control it with your voice

Your TV is now more helpful than ever. Use your voice to find movies, stream apps, play music and control the TV. Ask Google to find a specific title, search by genre, or get personalized recommendations on what to watch by saying, "what should I watch?" Even get answers on screen, control smart home devices, and more. Press the Google Assistant button the remote to get started.[1]

SONY

All your favourite streaming apps in one place

Sony TVs with Google TV give you access to all your favourite streaming apps in one place. Including Netflix, Amazon Prime Video, Disney+, YouTube, the Apple TV app, and many more. Get access to all your favourite movies and TV shows in a simple, easy-to-navigate interface and use Google Assistant to quickly find new content to watch.[1]

Works with AirPlay 2

With Apple AirPlay 2, you can share pictures, video, or audio to your television right from your iPhone, iPad, or Mac. Watch movies and shows from your favourite apps and the Apple TV app, or even from Safari. Share your photos with everyone in the room.[6]

Mount your Sony TV like a work of art

Make the most of your living space. The optional SU-WL855 ultra slim wall-mount bracket is designed to hang select Sony BRAVIA™ OLED and LED TVs flush to the wall, just like any other work of art. Pull out your TV and swivel it left to right to adjust the screen angle for optimal viewing.[7] *(Available for 55" class, 65" class, 75" class X85J series TVs)*
