

XR65X95J

Sony BRAVIA XR X95J 4K HDR LED TV

Discover how real TV can be when you combine a Full Array LED panel with our Cognitive Processor XR™ in a beautiful Seamless Edge design that keeps you focused on the picture.

Bullets

- COGNITIVE PROCESSOR XR™ – Revolutionary TV processing technology that understands how humans see and hear to deliver intense contrast with deep blacks, high peak brightness, and natural colors.
- XR TRILUMINOS PRO™ - Rediscover everything you watch with billions of accurate colors and see impressive picture quality that is natural and beautiful to the human eye.
- FULL ARRAY LED & XR CONTRAST BOOSTER 10 – Precisely controlled backlighting brings out real-life depth and detail with deep blacks and high peak brightness.
- GOOGLE TV™ – See 700,000+ movies and TV episodes, plus live TV, all in one place. Google TV brings your favorite content from across your apps and subscriptions and organizes them just for you. Watch content from Netflix, Amazon Prime Video, Disney+, YouTube, the Apple TV app, and many more.²
- BRAVIA CORE™ – Bring the cinematic experience home. Enjoy streaming high-quality movies included with BRAVIA CORE™, exclusively on select Sony TVs.³
- HDMI 2.1 – Get the most out of next-gen gaming with BRAVIA XR HDMI 2.1 enabled TVs featuring 4K/120fps and BRAVIA Game Mode for increased frame rate and reduced input lag.⁵
- XR MOTION CLARITY™ – Intelligent motion processing for fast-moving, blur-free sports and action-packed movies.
- XR 4K UPSCALING – Enjoy all your HD content in close to 4K resolution and bring back lost texture and detail with intelligent TV processing.⁶
- X-WIDE ANGLE & X-ANTI REFLECTION – Every seat in the room is now the best seat in the room with enhanced viewing angles that preserves color when watching from the side and an anti-reflective screen that reduces glare in bright rooms.
- ACOUSTIC MULTI-AUDIO – In addition to traditional TV speakers, two slim subwoofers and two sound positioning tweeters on the sides of the TV elevate the soundstage, enabling sound to follow the action for a truly immersive experience.
- DOLBY VISION8, IMAX ENHANCED⁹, NETFLIX CALIBRATED MODE¹⁰ – Enjoy immersive and engaging cinematic content as the creator intended.
- GOOGLE ASSISTANT – Hands-free entertainment with help from Google – just say “Hey Google” to get started.²
- APPLE AIRPLAY – Works with AirPlay 2 to easily stream content from your Apple device.¹¹
- 2-WAY MULTI-POSITION STAND – Beautifully designed to complement your unique viewing experience, offering two levels of flexibility – standard low-profile setting or raised to accommodate a soundbar.¹²

Features

Introducing the world's first TVs with cognitive intelligence¹

See how real your entertainment becomes and experience immersive depth and lifelike picture

quality, powered by Sony's all-new Cognitive Processor XR™. Revolutionary TV processing technology delivers enhanced contrast with detailed blacks and natural colors. Hundreds of thousands of individual on-screen elements are processed and remastered in the blink of an eye, boosting color, contrast, and clarity, bringing astounding realism to your content.

Billions of accurate colors and precise textures

See colors that are natural and beautiful to the human eye. The Cognitive Processor XR™ enables Sony BRAVIA XR™ TVs to access billions of accurate colors and reproduce each shade with the subtle differences seen in the real world. XR Triluminos™ Pro further enhances the range of hues and saturation allowing for extremely precise details within textures and ensuring skin tones look completely natural, as seen with the same accuracy as the human eye.

Real life depth with deep blacks and intense brightness

Experience real-life depth and detail with the deep blacks and intense brightness of Full Array LED and XR Contrast Booster 10, powered by the Cognitive Processor XR™. By controlling brightness in sections of the screen independently, Full Array LED balances light output to ensure scenes are full of breathtaking contrast. XR Contrast Booster 10 further enhances contrast to feel more true-to-life by maximizing peak brightness and precisely controlling black levels – no more details overwhelmed by shadow or lost in blown-out highlights.

The entertainment you love. With help from Google

See 700,000+ movies and TV episodes, plus live TV, all in one place. Google TV™ brings your favorite content from across your apps and subscriptions and organizes them just for you. Searching is easy – just ask Google. Try saying, “Hey Google, find action movies” to search across your favorite apps.²

Bring the cinematic experience home, enjoy included movies with BRAVIA CORE™

With BRAVIA CORE™, enjoy the latest Sony Picture Entertainment (SPE) titles and the largest IMAX Enhanced collection. Use the included BRAVIA CORE credits to choose from hundreds of latest release movies to redeem. In addition, you are subscribed to an amazing selection of movies to stream anytime and as many times as you like.³ BRAVIA CORE is the first in the industry to feature Pure Stream™ technology, achieving near lossless 4K UHD Blu-ray equivalent quality with streaming up to 80 Mbps delivering stunning visuals and expressive sound quality.⁴

Engineered for next-gen gaming

Take your gaming to the next level with BRAVIA XR HDMI 2.1 enabled TVs and feel the action all around you with responsive and blur-free picture quality. With 4K/120fps you'll achieve increased frame rate significantly benefiting high-performance 4K gaming. And, the dedicated BRAVIA Game Mode enables reduced input lag and optimized performance in every frame. Get the ultimate next-gen gaming experience with Sony BRAVIA XR TVs.⁵

Intelligent motion processing for fast-moving, blur-free scenes

Watching sports and action-packed movies just got a whole lot better. The Cognitive Processor XR™ with XR Motion Clarity™ cross-analyzes and precisely controls the action in every scene to ensure pictures quality stays smooth, bright, and clear with no blur.

Bring back lost texture and detail, the intelligent way

Whatever the content or source, you'll enjoy entertainment close to 4K resolution with XR 4K Upscaling. Powered by the Cognitive Processor XR™, XR 4K Upscaling accesses a vast amount of data, intelligently recreating lost textures and detail for a real-world picture. See the lifelike features in people's faces, identify every blade of grass, and marvel at the precise texture of buildings and scenery.⁶

Enhanced Viewing Angles

Every seat in the room is now the best seat in the room with the BRAVIA XR X95J. X-Wide Angle technology preserves vibrant real-world colors and retains more brightness while viewing the TV from any angle so even people watching at the sides get a premium viewing experience. X-Anti Reflection technology ensures a clearer screen with reduced glare and light reflection, making watching in bright rooms a great experience. (X-Anti reflection is not available on 65" class)

Sound and picture in perfect harmony

An audio experience that matches how we sense the world. Acoustic Multi-Audio™ includes two sound positioning tweeters on the sides of the TV, elevating the soundstage and enabling sound to follow the action for a truly immersive experience. Hear sound more clearly and accurately in whatever you're watching.

Enjoy immersive and engaging cinematic content as the creator intended

High Dynamic Range (HDR)⁷ picture is the way TV was always meant to be watched. Ultra-high resolution and HDR video content combine to bring dazzling detail, color and contrast to everything you watch, while keeping a far wider range of brightness. Dolby Vision™ brings scenes to life with striking highlights, deeper blacks, and vibrant colors.⁸ IMAX Enhanced™ content brings the immersive entertainment experience into the home and is digitally remastered to provide sharper images and more powerful sound—just as the creator intended.⁹ Netflix Calibrated Mode was specially developed to enjoy Netflix original content and reproduce picture quality as brilliant as the studio evaluation monitor, faithfully reproducing the creator's intent and vision.¹⁰ Whichever format, Sony TVs deliver picture-perfect reality, creating an immersive and engaging cinematic experience.

Hands-free entertainment with help from Google

With hands-free help from Google, you can set aside your remote and just use your voice to control your TV. Try saying "Hey Google, turn on the TV" or ask Google to find you a specific title, search by genre, and get personalized recommendations on what to watch by saying "Hey Google, what should I watch?" Even get answers on screen like sports scores and weather, and control your smart home devices, see security cameras, and more. Just say "Hey Google" to get started.²

All your favorite streaming apps in one place

Sony TVs with Google TV give you access to all your favorite streaming apps in one place, including Netflix, Amazon Prime Video, Disney+, YouTube, the Apple TV app, and many more. Get access to all your favorite movies and TV shows in a simple, easy-to-navigate interface and use Google Assistant to quickly find new content to watch.²

Works with AirPlay 2

With Apple AirPlay 2, you can share pictures, video, or audio to your television right from your

iPhone, iPad, or Mac. Watch movies and shows from your favorite apps and the Apple TV app, or even Safari. Share your photos with everyone in the room.¹¹

Beautifully designed to complement your unique viewing experience

Our minimalist One Slate design with seamless edge bezel elegantly embraces the screen in a single pane of glass that keeps you focused on the big picture. The premium 2-way multi-position stand gives you the flexibility of a low-profile immersive setting that focuses your attention on the picture or a raised setting for ideal positioning of your soundbar. Integrated cable management keeps wires neatly hidden, so your furniture stays free of clutter and looks great from all sides.¹²

Mount your Sony TV like a work of art

Make the most of your living space. The optional SU-WL855 ultra slim wall-mount bracket is designed to hang select Sony BRAVIA™ OLED and LED TVs flush to the wall, just like any other work of art. Pull out your TV and swivel it left to right to adjust the screen angle for optimal viewing.¹³

(Available for 65" class and 75" class X95J series TVs)

¹ As of 11/18/20, Cognitive Processor XR cross-analyses multiple picture elements combined with focal points; recreating human perspective. Verified by Strategy Analytics.

² User must accept Google Terms of Service (<http://www.google.com/policies/terms/>), Play Terms of Service (https://play.google.com/intl/en-US_us/about/play-terms/index.html) and Privacy Policy (<http://www.google.com/policies/privacy/>) to use TV. User must connect to a Google account to use certain advertised features, including voice to activate linked apps, and install certain apps and operating software during setup. Use of TV without connecting to a Google account allows only basic TV features and certain apps. Wireless connectivity requires 802.11 home network (802.11n recommended). Network services, content, operating system and software of this product may be subject to separate or third-party terms and conditions and changed, interrupted or discontinued at any time and may require fees, registration and credit card information. Apps must be compatible with TV. App availability varies by region and device.

³ Purchase an eligible TV and register for BRAVIA CORE™ by February 23, 2024 to be eligible for promotion offers. Available movies subject to change. Terms and conditions apply, for full details see <https://www.sony.net/bravia-core>. © 2021 Layout and Design Sony Pictures Home Entertainment Inc. All Rights Reserved. Network services, content, and operating system and software of product may be subject to separate or third-party terms and conditions and changed, interrupted or discontinued at any time and may require fees, registration and credit card information.

⁴ User must setup broadband network environment. By default, Pure Stream setting is turned OFF and must be turned ON in BRAVIA CORE settings. BRAVIA CORE offers streaming between 30Mbps-80Mbps once user turns ON Pure Stream. To access Pure Stream at 30Mbps, user must have a minimum internet speed of 43Mbps over Wi-Fi. To access highest quality Pure Stream available at 80Mbps user must have minimum internet speed of 115Mbps over Wi-Fi. Subject to user's network operator's video streaming restrictions, BRAVIA CORE automatically selects the best bitrate as following with adaptive streaming functionality based on the internet speed available.

⁵4K: 3,840 x 2,160 pixels. Game title supporting 4K/120fps required. VRR will be available via future firmware update.

⁶ 4K: 3,840 x 2,160 pixels. Upscaled, simulated and enhanced 4K images will vary based on source content.

⁷ Requires HDR compatible content from supported streaming services or HDR compatible content device connected via HDMI input (sold separately).

⁸ Dolby Vision content compatible with streaming services or compatible content device connected via HDMI input (sold separately).

⁹ IMAX Enhanced content enables full IMAX Enhanced experience with compatible streaming services such as Fandango Now (US only) and BRAVIA CORE, or compatible content device connected via HDMI input (sold separately).

¹⁰ Netflix streaming membership required. 4K Ultra HD availability subject to your Netflix subscription plan, internet service, device capabilities, and content availability. www.netflix.com/termsofuse

¹¹ This Sony TV is compatible with AirPlay 2 and HomeKit. iOS 12.2 or later or macOS 10.14.4 or later is required. Apple ID account required. Subscriptions may be required to access certain content.

¹² Actual look may differ depending on TV size and type of cables used.

¹³ SU-WL855 wall-mount bracket is available for select Sony OLED and LED models ranging from 55" class to 77" class. TV and wall mount system sold separately. Hardware included with wall-mount bracket.
