

XBR-49X800D/43X800D Series

800D - 49" class (48.5" diag) 4K HDR Ultra HD TV

800D - 43" class (42.5" diag) 4K HDR Ultra HD TV

Enjoy truly remarkable clarity, color and contrast with 4K¹ HDR and TRILUMINOS[®] Display for picture that's closer than ever to real-world colors. Android™ TV adds Voice Search, Google Cast and a huge selection of apps, games and content from Google Play^{2,3} so you can watch your way.

Bullets

- The brilliant contrast, color and detail of 4K¹ HDR
- Colors come alive thanks to the TRILUMINOS[®] Display
- HD is upscaled to impressive 4K Ultra HD¹
- Android TV with Google Cast, voice search & Play Store apps^{2,3}
- Silver accents add elegance to the thin design
- Just say what you want with Voice Search^{2,3}
- Send entertainment from your smartphone to you TV with Google Cast^{2,3}
- Enjoy thousands of apps from Google Play^{2,3}
- Home automation controlled directly from your TV

Features

Uncover the detail with 4K HDR

High Dynamic Range (HDR) will change the way you look at TV. Combined with 4K Ultra HD resolution¹, HDR video content delivers exceptional detail, color and contrast, with a far wider range of brightness than other video formats. The result is the most lifelike picture TVs have ever been able to create, with brilliant highlights and fine detail..

More color, depth and realism

Colors are as rich and vivid as nature's own thanks to the TRILUMINOS[®] Display with more shades of red, green and blue than ever before. You'll enjoy vibrant, authentic images that evoke the emotion in every scene. When combined with HDR video, TRILUMINOS[®] Display further increases the color depth for noticeably brighter and more realistic colors.

Every scene looks more realistic

Discover a thrilling world of extraordinary clarity. Every single pixel is enhanced beautifully by our most powerful 4K picture processing technology ever. Individual parts of each scene are analyzed and matched with a special image database that independently addresses texture, contrast, color, and edges. The difference is clear with supremely lifelike detail, no matter what you're watching.

Dramatic brightness and black levels

Experience more life, more texture and more energy in every scene with brighter highlights, deeper blacks, and more natural tonal gradation.

Made to match your space

The thin and beautiful design with a slim bezel with silver inlay takes cues from interior design, allowing it to maintain the harmony of your living room while still making a statement.

Motionflow™ keeps the action smooth

TV that keeps up with real life. Sony's refresh rate technology (Motionflow™ XR) allows fast moving action sequences in sports and movies to be seen with precise motion clarity.

A world of possibilities

Find all the entertainment you can dream of, faster than ever. From movies and TV shows to thousands of apps, Sony's Android TV brings you everything in an instant^{2,3}.

Just say what you want

Spend less time browsing, and more time watching. Voice search on Android™ TV provides you with the power of Google search, allowing you to find content across different services without the hassle of time-consuming text entry^{2,3}.

Send to a bigger, better screen with Google Cast™

Send movies and music from your smartphone to your TV with Google Cast. Use your phone as a remote control^{2,3}.

Your favorite apps, on your TV

Enjoy a huge range of apps from Google Play™, including YouTube™, Netflix, Amazon Video, Hulu, Pandora and more. Also, play your favorite Android games on the big screen^{2,3}.

Smart home automation

Beyond streaming content, Sony's Android TV platform allows Home Automation control directly from the TV, via the Logitech Harmony Hub. IoT (internet of things) devices such as lights, thermostats, Blu-ray players, security cameras other home entertainment devices can be controlled and automated via the push of a button on the TV's remote.

Find everything fast

The unobtrusive content bar quickly lets you find the movie, TV show or video you're looking for. Call up the Content bar and you can keep watching, while you scan through live TV, videos on demand, downloaded TV shows and much more. You can even customize the content bar to show you the content you go to most often first.

Stream PlayStation games straight to your TV

Play selected PlayStation® 3 games directly through your TV— no console required. PlayStation™ Now brings streaming technology to the immersive world of PlayStation® gaming. Just pair a DUALSHOCK®4 controller with the TV and you're ready to play with the same speed and responsiveness as a console.

A masterpiece of design

Keep wires out of sight, thanks to a hidden cable panel structure, for a clean look.

OPTIONAL ACCESSORIES	

1. 3,840 x 2,160 pixels.

2. Broadband speed of at least 2.5 Mbps recommended for SD services, 10 Mbps for HD streaming or 4K downloads, 20 Mbps for 4K Ultra HD streaming. Wireless connectivity requires 802.11 home network (802.11n recommended). Network services, content, and the operating system and software of this Product may be subject to individual terms and conditions and changed, interrupted or discontinued at any time and may require fees, registration and credit card information.

3. Requires compatible devices connected to the same network. Google Cast requires mobile devices with Android 2.3 or higher, or iOS 6.0 or higher and Chromecast application. Google Play using Android TV Remote Control application requires Android 4.0 or higher; not available for iOS. Voice Search is available using the included remote control, Android TV Remote Control application with Android 4.0 or higher, or using Sony's TV SideView application available for Android 4.0.3 or higher or iOS 7.0 or higher.

4. PlayStation™ Now service requires DUALSHOCK®4 controller, sold separately, and 5Mbps Internet connection (5-12 Mbps recommended for the best quality experience). Additional purchases and registration required; service not available in all areas. See us.playstation.com/PlayStationNow for details.

5. Requires HDR compatible content from supported streaming services, such as Amazon Video.

6. Logitech Harmony Hub sold separately. Requires all compatible devices connected to the same network. Refer to Logitech for details on compatible devices. Compatible IP cameras require direct connection to the TV via Wi-Fi.

7. Upscaled, simulated and enhanced 4K images will vary based on source content.
