- Built in microphone & Hands free communication
- Adjustable design for comfortable, long listening sessions.
- Multi-point connection²
- Pair two BRAVIA Theater U's at the same time with speaker add function
- IPX4 Splash-resistant design⁴

Features

360 Spatial Sound Personalizer

Create your own personal home theater atmosphere using Sony's 360 Spatial Sound Personalizer.¹ Enjoy the impeccable clarity of your favorite shows and movies without using headphones or disturbing your household with invasive audio

Upward-Facing Speaker

Delivers sound directly to your ears without waking up your house. Be fully immersed in your movies and music

X-Balanced Speaker Unit

Optimum speaker size in a compact body increases sound pressure and reduces distortion for clear audio

Bluetooth connectivity

Pair the BRAVIA Theater U with other devices such as laptops, tablets, and smartphones.² Enjoy your favorite movies and shows with deep atmospheric sound, even on palm-sized devices.

Battery Life & Quick Charging

Get up to 12 hours of battery life with the Home Theater U, suitable for binge-watching that hit show or critically-acclaimed movie series. Quick charging gives you up to 60 minutes of playback on a 10-minute charge³.

Gaming Compatible

Enjoy low latency single player gaming with a wired connection.⁶

Built in microphone for hands-free communication

Precisely placed built-in microphone placement provides clear, hands-free calling. Sony's Precise Voice Pickup Technology utilizes AI signal processing technology to reduce surrounding noise so callers can hear your voice loud and clear, even among busier environments.

Comfortable design

Adjustable design allows for a comfortable fit for long listening sessions

Multi-point connection

Watching a movie but need to take a quick call on your smartphone? No problem - connect the BRAVIA Theater U to two devices

at the same time and easily switch between them using multi-point connection.²

Speaker Add Function

Speaker add function makes it possible to pair two BRAVIA Theater U's at the same time so two users can enjoy the same content

IPX4 splash-resistant design

The IPX4 splash-resistant design of the BRAVIA Theater U makes it the perfect companion while out for a walk or getting some chores done around the house.

360 Reality Audio

Immerse yourself in surround sound with 360 Reality Audio on the BRAVIA Theater U.⁵

1. 360 Spatial Sound experience requires Bluetooth connection and a compatible BRAVIA TV model (sold sep).
2. Interoperability and compatibility among Bluetooth[®] devices vary.
3. Actual performance varies based on settings, environmental conditions, storage, and usage. Batteries are consumable products and their capacity degrades over time as they age. Sony does not guarantee the life span of the battery.
4. Requires that all ports and covers are firmly closed.
5. Download Headphones Connect app at Google Play and the App Store. Network services, content, and operating system and software subject to terms and conditions and may be changed, interrupted or discontinued at any time and may require fees, registration and credit card information. 360Reality Audio requires subscription to compatible online music service and third party terms, conditions, account and fees may apply.
6. When the dedicated audio adaptor (supplied) and the dedicated audio cable (supplied) are connected to the BRAVIA Theater U, then the Bluetooth function and

the call function cannot be used
